**Featured Program Monthly Theme:**

*Empower Girls, Empower Countries*

*“Colorful Girls Circles”* – Girl Determined, Burma/Myanmar

The mission of Colorful Girls Circles, a project of Girl Determined, is to spark a movement of girls with leadership skills to advocate for their own rights and a future that does not re-create the risks they now face. Girl Determined seeks to produce real empowerment - creating opportunities for girls to better cope with their difficulties, envision alternatives, and take leadership into their own hands.

**Sustained Program Funding**

*“Lotus Outreach” - Cambodia*

The DFW grant of $39,761 in April 2011 funded a program that provides trauma counseling and reintegration assistance to victims of human trafficking, rape, and domestic violence residing at a safe-shelter in the border region of Banteay Meanchey, Cambodia. Our donations funded the salaries of two shelter-based counselors and two social workers, travel and incidentals for repatriated victims, the cost of establishing five local women’s support groups, and financial assistance/small business grants for 70 re-integrated victims. Our grant will continue to sustain this program.

**Grant requested:** $15,000; $15,000 will also be granted in 2013 and in 2014 based on fulfillment of progress reporting requirements.

Follow-up Report
We’ve received an Interim Report from the recipient of our September 2011 donations. The Fistula Foundation received $57,106.45 from DFW in December 2011 to provide transformative surgery for 124 women at the Hamlin Fistula Hospital in Addis Ababa, Ethiopia. So far this year, 67 fistula surgeries have been performed.

A note from the Fistula Foundation: “Perhaps the most wonderful thing about fistula surgery treatment is that the cost to restore a woman’s body and spirit is so little. A little does so much. Fistula surgery literally transforms her life forever. Putting an end to her enormous physical and psychological suffering is indeed a priceless, lifelong gift. She benefits. Her family and children benefit. Many lives are touched and changed forever.”

Please remind your members to take a look at the follow-up reports, as it truly is rewarding to learn about the women whose lives have been changed by our collective giving. We try to post follow-up reports as soon as we get them, and we continue to work with the organizations throughout the year. Interim reports are due 6 months after funds have been disbursed (which takes 3 months after each program is featured). Final reports are due after the organization expends all funding.

Next Month’s Featured Program “Girls Empowerment Project” – Nairobi, Kenya
The Girls Empowerment Project (GEP) is Heshima Kenya’s informal education program designed for young refugee women and girls, aged 13-23 years. It provides opportunities for basic education, livelihood options, and human rights education while cultivating leadership skills within a safe and supportive community. The grant amount requested is $50,000 over 2 years to support 150 girls who would otherwise be ignored or relegated to the sidelines.
