VENTURE STRATEGIES FOR HEALTH AND DEVELOPMENT  ◆  Niger
Safe space clubs will transform the lives of vulnerable, isolated adolescent girls in rural Niger, dramatically improving education outcomes and delaying marriage and childbearing.

MAJI SAFI GROUP  ◆  Tanzania
This project aims to reduce the stigma associated with Menstrual Hygiene Management (MHM), decrease school absence rates related to menstruation, increase access to sustainable menstrual cups, and develop the self-confidence of young women in rural Tanzania.

TEN CHARITIES / HER FUTURE COALITION  ◆  India
By expanding and supporting three Red Light Area Resource Centers in Calcutta, this project will provide job training, employment, counseling, and informal education for women who have experienced human trafficking and gender-based violence. It will also provide education, counseling, safe spaces, and therapeutic arts for these women’s children.

MINDLEAPS  ◆  Mauritania
This highly popular dance program draws girls off the streets and away from risks such as prostitution. As the girls come to the safe space to attend dance workshops, they will also receive remedial education, psychosocial counseling, and nutritional support.

RAZIA’S RAY OF HOPE FOUNDATION  ◆  Afghanistan
This project will train young, talented students in need to become midwives, which will allow them to provide essential healthcare services and education that will positively impact maternal and infant health outcomes.

KAKENYA’S DREAM  ◆  Kenya
Through the Health and Leadership Training Program, young Maasai girls who are at risk for Female Genital Mutilation/Cutting (FGM/C) and early marriage will be empowered to stay in school and learn about sexual and reproductive health, child rights, and life and leadership skills.
