## Vision

Dining for Women envisions a world where every person has the same opportunities to thrive regardless of their gender or where they live.

## Mission

Dining for Women cultivates the collective power of community to achieve global gender equality.

## Gender Equality Beliefs

Dining for Women champions global gender equality because women's rights are human rights. When women and girls are treated equally, the world is healthier, safer, more peaceful, inclusive, and economically just for everyone.

### DINING FOR WOMEN BELIEVES...

Every woman and girl deserves to live freely and pursue her dreams, free from all forms of discrimination, exploitation, and social exclusion.

Women should have equal economic power, political voice, and leadership representation across the world.

When women and girls are better educated and become leaders and decision-makers, they drive positive change in their families, communities, and countries.

Gender-based violence and harmful practices, such as child and forced marriage, female genital cutting (FGM/C), and human trafficking, harm women's health, safety, and quality of life. They must be eliminated world-wide.

Sexual and reproductive health is essential to women and girls across their lifespans.

Gender equality and climate justice must go hand-in-hand if we are to ensure we have a clean, healthy, and sustainable planet for future generations.

Men and boys are essential partners and allies in achieving global gender equality.
